Program Overview

The world of finance is constantly changing, as companies globalize, embrace new technologies, and grow increasingly more complex. Southern New Hampshire University's online **MBA in finance** prepares you to meet the rising demand for business leaders trained specifically in financial management - while also giving you the freedom and flexibility to learn from home, at your own pace.

Integrated with themes of leadership, ethics, innovation and strategy, an MBA in finance couples subjects in financial management with business leadership to make you an asset to any organization. With an internationally recognized, specialized MBA degree from one of the largest universities in the U.S., you are sure to stand out to recruiters.

Apply Now

Why Finance?

An MBA in finance helps you stand out in an increasingly competitive job market due to the training you will receive in marketing, strategy and change management, in addition to financial management. While your MBA in finance degree can prepare you for many careers, the future appears especially promising for highly skilled finance professionals.

- According to the Bureau of Labor Statistics, the demand for business and financial occupations is due to increase by 5% through 2029* and employment for top executives is projected to grow 4% during that same period.**
- Graduates with MBAs in finance can often compete with graduates of masters in economics for roles such as investment bankers, in which salaries are often commission-based for entry-level positions. These can vary between ₹10-15 lakhs yearly, while consultant positions can yield yearly income as high as ₹50 lakhs - 1 crore, making them one of the highest paid opportunities in India.^

Curriculum

If you would like more information about any of the subjects, please click on the subject code to bring you to the academic catalog.

Foundation Subjects*

MBA500 - Building Business Leaders

MBA504 - Applied Business Statistics

*To best prepare you for academic success at the graduate level, an undergraduate background is required in certain subjects. Upon submitting all of your admission documents, they are reviewed to determine if this requirement is met. If this requirement is not met, students are required to take up to 2 additional Foundational Courses to meet this requirement. Students pursuing a concentration are awarded university credit hours for these foundational courses but those awarded credit hours do not go towards the 30 credit hours required by the program curriculum.

Major Subjects (21 Total Credits)

MBA530 - Leading People and Organizations: Impactful leaders have the ability to define direction, understand their uniqueness, communicate effectively and use emotional intelligence to lead people, teams, and organizations. Students will explore leadership theories, issues, and trends, while also applying evidence-based methodologies and tools to assess and elevate their personal leadership plan. By connecting leadership theories and methodologies to trends, challenges, and opportunities facing leadership, this course will help students to effectively lead and empower others.

MBA540 - Organizational Strategy in a Global Environment: Impactful leaders leverage business intelligence to make ethical decisions, solve complex problems, and craft strategic direction to improve organizational performance and agility in a dynamic global business environment. Students develop context and understanding of how organizations formulate a strategic direction and organize all business functions to complement each other to achieve organizational objectives. Students develop the strategy know-how to assess, inform and form interconnected functional and organizational strategic direction.

MBA580 - Innovation and Strategy for High-Performance Organizations: High performance organizational leaders cultivate innovative thinking and processes and their application to developing successful business strategies. Students will analyze the attributes of innovative thinkers and cultures and how organizational structure and policy can promote or inhibit innovation. The course will explore the market and technology forces that drive the adoption of innovation and the tools and methods--such as risk analysis, economic analysis, statistics, and forecasting--to drive the analysis, selection and implementation of innovative products and processes.

MBA620 - Measuring Success in an Organization: Effective leaders need a comprehensive understanding of financial and management accounting principles, analytical techniques and computer-based tools. Students will prepare, monitor, and evaluate financial and accounting reports and metrics and present their findings and recommendations. From reporting to planning, students will develop an acute awareness of a perpetually changing business environment and how entities measure its success, challenges and resources.

Apply Now

MBA645 - Optimizing Brands: Organizational leaders balance brand management and its relationship with impactful marketing strategies. Students will study the key brand elements of identity, trust, and building habit-forming brand experiences. By applying market research, target market identification, customer trends in the marketplace, and ethical considerations, students will develop a marketing strategy for an organization.

MBA687 - Leading Organizational Change: Leadership requires the understanding of human intelligence and how individuals function within an organization to achieve winning results. In this course, students will explore how to develop a workforce to actualize business goals and objectives and study how to manage organizational change through communication strategies that reduce risk, address employee dissatisfaction and apprehension, and increase strategic alignment among leaders, managers and employees. This course will emphasize the blending of financial and human capital resources to effectively complete organizational change and proffer solutions that are strategic and balanced.

MBA699 - Strategic Opportunity Management: Impactful leaders move strategic initiatives forward with innovation, collaboration and informed, data-driven decisionmaking. In this course, students will assess conditions, processes, and resources that impact how leaders design adaptive strategies, using emotional and business intelligence to manage strategic objectives. Student learners will solve complex problems, manage opportunities and build sustainable stakeholder relationships.

Apply Now

Major Electives (9 Total Credits)

FIN550 - Corporate Financial Management: This course is a study of finance from a corporate perspective including investments, capital structure and re-structuring, budgeting, financial markets, policy and portfolio management. Students will analyze a firm's opportunities and risk level within these categories to evaluate the impact on shareholder's value.

FIN610 - Short-Term Financial Management: The course covers traditional working capital topics, including liquidity analysis and management, inventory, and receivables and payables management. Additional emphasis is given to core cash management, payment systems and banking relationships. Other topics include cash forecasting, short-term borrowing and risk management.

FIN640 - Investment Analysis & Portfolio Management: Students study the techniques used to assess the value of securities and the methods used in the management of investment portfolios. Stocks and bonds are discussed in terms of valuation, risk- return measurement, diversification and other aspects of portfolio theory.

Total Credit Hours: 30 credits (or 10 Subjects)

Disclaimer: Subject availability is not guaranteed. Not all subjects are available for all terms and in the event there is an error, the university reserves the right to remediate. Subjects are not necessarily able to be taken in the order listed.

Meet Our Faculty Members

SNHU is dedicated to student success, and that starts with bringing expert faculty to teach our specialized subjects for students studying online from India. In addition to real-world experience in their field and a passion for education, each faculty member undergoes training for online instruction from SNHU.

Our faculty members for online degrees in India are Indian, meaning they can help bridge the cultural gap and give you the unique perspective of an Indian professional working domestically and globally. SNHU hires our Indian faculty members at the same standard as our on campus faculty, so you'll get the unique opportunity to learn from local experts hired at U.S. university standards.

Faculty Highlight

Dr. Meera Iyer, PhD

12+ years of experience

Teaches Physiological Psychology

Dr. Iyer is a child and adolescent psychologist with a PhD in psychology, specializing in cyberpsychology.

She is a member of prominent international and national psychological associations (APA, INSPA, NAOP and BCPA) and has made contributions to government-based initiatives (NCPCR, Mission Shakti-Gov. of India) for counseling trauma and domestic abuse victims.

Dr. Nilakantan Narasinganallur, PhD

32+ years of experience in finance, 15+ years of teaching MBA programs

Teaches Applied Business Statistics

Dr. Narasinganallur has earned his Ph.D. in Management from Mumbai University, where his research focused on financial derivatives and the comparison of option valuation for indexes and equities in the Indian stock market to valuations in the US stock market.

He is a published author of a book on modern risk analysis and various peer-reviewed research papers in international journals.

Apply Now
