Program Overview

Southern New Hampshire University's **Bachelor of Science in Business Administration with a specialization in International Business** focuses on building a solid foundation for a successful career in business. This degree opens a variety of doors by providing you with practical, experiential learning opportunities to immediately apply to the workplace. You'll prepare to be an adaptable, efficient team leader, while also earning a coveted SNHU alumni status and gaining access to SNHU's vast global network.

With a specialization in international business you will be equipped with skills to create innovative solutions to business challenges in a global context. The subjects in this specialization will build off of the business core to explore global financial markets, multinational marketing and international strategic management. In addition, you'll gain a strong background in understanding how political, cultural financial and diverse management systems influence international business activities.

Apply Now

Why International Business?

As technology advances and the world becomes increasingly interconnected, the nature of business will continue to change. Corporations of all sizes need professionals with solid business skills and the global awareness to help them succeed in the international marketplace. Graduates of this program will have a wide range of soft and hard skills to apply to many business functions and be able to take roles in an international context. Possible careers for those specializing in international business include:

- Develop long-term plans for a company's financial goals and direct investment activities, taking into consideration tax laws and industry regulations, as a financial manager with an average salary in India of ₹1,014,466.*

What Will You Learn?

As a student in SNHU's business administration program, you will master vital business competencies such as critical and analytical thinking, economics, finance, organizational leadership, business communications and managerial skills with hands-on practice and scenario-based learning. With the specialization subjects you will further develop your business skills to build collaborative relationships across diverse teams and analyze data to make sound international business decisions. You will be well-prepared to explain how global and societal contexts impact business decisions as well as address political, economic and social challenges to global organizations. Subjects for the specialization include:

- **Global Financial System:** Learn about the global financial architecture, with a focus on policy in international banking and international capital markets.
- **International Management:** With a holistic approach to international management, this subject explores the influence of culture, politics, society and economics on global business activities and how to navigate ethics and corporate responsibility in an international context.
- **International Business Project:** In this hands-on subject, students work in teams to explore contemporary business challenges faced by multinational corporations in an international business setting.
- **International Strategic Management:** Relying on case studies of international corporations, this subject focuses on the internal strategic environment of an organization and the external factors within an international environment, and how a strategic thrust and strategic fit are created between these two environments.
- **Multinational Marketing:** Examine differences within a global business environment that influence marketing and sales functions and learn to develop market entry and integrated marketing strategies in global markets, including media, communication, distribution and pricing strategies.

Format

Online Degree Program

Our online undergraduate programs have **six convenient start dates** throughout the year and are divided into eight-week sessions - October, January, February, May, June and August.

Eligibility

Online Degree Program

To be eligible for admission in one of SNHU's online undergraduate programs, you must meet the following criteria:

- Must not be a resident of the U.S.
- Must be proficient in English
- Must be a Higher Secondary School graduate (12th grade) with U.S. equivalent GPA of 2.0 (C) or higher (passing or above on your 12th grade final HSC, ICSE, CBSE, AISSC or other standardized exams)

Note: If final 12th-grade exam scores are not available students may submit their mid-term or prelims 12th-grade scores and/or their 11th-grade final scores.

Apply Now

Curriculum

Our General Education program provides students with a learning framework that addresses core competencies (such as information literacy, critical thinking, global knowledge and awareness, etc.) which are identified as critical factors toward a student's ability to succeed in their academic and professional goals. The ultimate purpose of the General Education program is to provide students with an intentional undergraduate experience that contributes to the development of higher-order skills that employers find necessary for students to succeed, regardless of their chosen career field. Students who do not possess an undergraduate degree focused on business may be required to take a Business Foundations course.

If you would like more information about any of the subjects, please click on the subject code to bring you to the academic catalog.

Specialization Subjects (15 Total Credits)

INT221 - Global Financial System: This course is designed to familiarize students with global financial architecture and the modus operandi of global financial markets and multinational financial institutions, with the focus on policy- and concept-oriented issues in international banking and international capital markets. It aims to provide a comprehensive background to understand the international financial environment and to expose students to a wide range of international financial functions, operations and products.

INT315 - International Management: Gain a holistic perspective of international management across the major functional areas of business as they are practiced in a multinational organization. Explore the influence of culture, politics, society, and economics on conducting business globally and navigate the balance of ethics and corporate social responsibility in international operations.

INT400 - International Business Project: This course will introduce students to the contemporary issues and challenges faced by managers of Multinational Corporations in the International Business setting. The course will give students the opportunity to work in teams by focusing on a practical approach to learning. It will provide students with skills that can facilitate their entry into a job market in International Business or related field at various levels of expertise.

INT422 - International Strategic Management: The course introduces students to strategic management in the global arena. It focuses on the internal strategic environment of an organization, the external strategic factors present in the international environment, and the manner in which a strategic thrust and a strategic fit are created between these two environments. The course relies on the use of case studies of U.S. and foreign international corporations. Writing intensive course.

INT433 - Multinational Marketing: Examine international similarities and differences in the cultural, economic, political, social and physical dimensions of the environment in relation to marketing and sales functions. Learn about the changes in marketing systems and the adoption of marketing philosophies and practices across national boundaries through the study of the foundations, scope, and challenges of global marketing. Develop market entry and integrated marketing strategies for new products in global markets including media, communication, distribution and pricing strategies.

Free Electives (33 Credits)

Total Credits - 120 credits (or 40 Subjects)

Disclaimer: Subject availability is not guaranteed. Not all subjects are available for all terms and in the event there is an error, the university reserves the right to remediate. Subjects are not necessarily able to be taken in the order listed.

Meet Our Faculty Members

SNHU is dedicated to student success, and that starts with bringing expert faculty to teach our specialized subjects for students studying online from India. In addition to real-world experience in their field and a passion for education, each faculty member undergoes training for online instruction from SNHU.

Our faculty members for online degrees in India are Indian, meaning they can help bridge the cultural gap and give you the unique perspective of an Indian professional working domestically and globally. SNHU hires our Indian faculty members at the same standard as our on campus faculty, so you'll get the unique opportunity to learn from local experts hired at U.S. university standards.

Faculty Highlight

Dr. Meera Iyer, PhD

12+ years of experience

Teaches Physiological Psychology

Dr. Iyer is a child and adolescent psychologist with a PhD in psychology, specializing in cyberpsychology.

She is a member of prominent international and national psychological associations (APA, INSPA, NAOP and BCPA) and has made contributions to government-based initiatives (NCPCR, Mission Shakti-Gov. of India) for counseling trauma and domestic abuse victims.
