Program Overview

As organizations across all industries now have access to massive amounts of data, professionals who can leverage this data to provide actionable insights are in great demand. With SNHU's online **Bachelor of Science in Data Analytics** you will be well-prepared to enter the field and become a valuable resource for a diverse range of organizations. With the influx of all of this new data, professionals need to be efficient in collecting, cleaning, visualizing and communicating data in addition to protecting it. This well-rounded degree will ensure you have what it takes to be a valuable resource to any employer that relies on data to meet their business goals.

Apply Now

Why Data Analytics?

With so many new sources of data, companies who do not have the ability to leverage their data are missing out on opportunities for growth and sustainability. That is why data analysts are seeing increasing job opportunities, pay and job security for the future. Working with big data gives you the chance to work in just about any industry that interests you with many options for remote and global work.

- Data scientists in India could expect an annual salary between ₹25-65 lakh with just 5-10 years of experience and can project higher salaries with more experience.*
- The data analytics market is expected to grow at a compound annual growth rate of 25% from 2021-2030, creating about 11.5 million jobs globally by 2026.^

Career Potential

An online Bachelor of Science in Data Analytics will equip you with the latest industry tools and knowledge to analyze data, respond to challenges, and communicate effective business solutions. You will gain unmatched industry-focused expertise to launch an exciting career in roles like

- Data analyst
- Business analyst
- Operations analyst
- Management analyst

Apply Now

What Will You Learn?

SNHU's data analytics program will give you the technical skills to help organizations leverage their data to innovate their processes and inform decision-making. Starting with a solid foundation in data analytics, students will also dig into data science, data management and security, project management, project management and business analytics. Not only will you learn how to wrangle and synthesize large sets of data, but you'll also gain the business acumen to consult stakeholders and communicate accurate information to a variety of audiences to inform business outcomes. Upon graduation you will be able to:

- Translate organizational needs and business problems into data analytics requirements to inform possible solutions and communicate them to technical and non-technical audiences.
- Apply appropriate data analytics solutions, standards and policies to meet the security, quality, storage and privacy needs of organizations.
- Collaborate in multi-functional teams on short and long term projects, providing the data analysis that helps inform decisions.
- Gather, clean, interpret and visualize data using industry tools and techniques most appropriate to the situation.
- Use quantitative and qualitative data analytics methods in responding to a variety of situations that arise in the business environment.

Format

Online Degree Program

Our online undergraduate programs have **six convenient start dates** throughout the year and are divided into eight-week sessions - October, January, February, May, June and August.

Eligibility

Online Degree Program

To be eligible for admission in one of SNHU's online undergraduate programs, you must meet the following criteria:

- Must not be a resident of the U.S.
- Must be proficient in English
- Must be a Higher Secondary School graduate (12th grade) with U.S. equivalent GPA of 2.0 (C) or higher (passing or above on your 12th grade final HSC, ICSE, CBSE, AISSC or other standardized exams)

Note: If final 12th-grade exam scores are not available students may submit their mid-term or prelims 12th-grade scores and/or their 11th-grade final scores.

Apply Now

Curriculum

Our General Education program provides students with a learning framework that addresses core competencies (such as information literacy, critical thinking, global knowledge and awareness, etc.) which are identified as critical factors toward a student's ability to succeed in their academic and professional goals. The ultimate purpose of the General Education program is to provide students with an intentional undergraduate experience that contributes to the development of higher-order skills that employers find necessary for students to succeed, regardless of their chosen career field.

If you would like more information about any of the subjects, please click on the subject code to bring you to the academic catalog.

General Education Subjects (42 Total Credits)

SNHU107 - Success Strategies for Online Learning

IDS100 - Perspectives in Liberal Arts

ENG122 - English Composition I

ENG123 - English Composition II

MAT136 - Introduction to Quantitative Analysis

HUM100 - Perspectives in Humanities

HUM200 - Applied Humanities

SCS100 - Perspectives in the Social Sciences

SCS200 - Applied Social Sciences

MAT140 - Precalculus

MAT243 - Applied Statistics for Science, Technology, Engineering and Mathematics

Meet Our Faculty Members

SNHU is dedicated to student success, and that starts with bringing expert faculty to teach our specialized subjects for students studying online from India. In addition to real-world experience in their field and a passion for education, each faculty member undergoes training for online instruction from SNHU.

Our faculty members for online degrees in India are Indian, meaning they can help bridge the cultural gap and give you the unique perspective of an Indian professional working domestically and globally. SNHU hires our Indian faculty members at the same standard as our on campus faculty, so you'll get the unique opportunity to learn from local experts hired at U.S. university standards.

Faculty Highlight

Dr. Meera Iyer, PhD

12+ years of experience

Teaches Physiological Psychology

Dr. Iyer is a child and adolescent psychologist with a PhD in psychology, specializing in cyberpsychology.

She is a member of prominent international and national psychological associations (APA, INSPA, NAOP and BCPA) and has made contributions to government-based initiatives (NCPCR, Mission Shakti-Gov. of India) for counseling trauma and domestic abuse victims.

Dr. Nilakantan Narasinganallur, PhD

32+ years of experience in finance, 15+ years of teaching MBA programs

Teaches Applied Business Statistics

Dr. Narasinganallur has earned his Ph.D. in Management from Mumbai University, where his research focused on financial derivatives and the comparison of option valuation for indexes and equities in the Indian stock market to valuations in the US stock market.

He is a published author of a book on modern risk analysis and various peer-reviewed research papers in international journals.

Apply Now

Dr. Sivaraman Eswaran, PhD

**Completed his PhD at Bharathiar University, Coimbatore in 2019
Teaches Security Risk Analysis and Planning**

Dr. Sivaraman is a CompTIA Security+ certified professional and EC-Council Certified Computer Hacking Forensic Investigator in addition to a Microsoft Certified Professional and EMC Academic Associate.

He received an internal research grant funded by PES University for a research project, in addition to several research projects funded by Curtin University Malaysia in collaboration with the University of Nottingham Malaysia and the Swinburne University of Technology Malaysia.

Dr. Veena Tripathi, PhD

Dr. Tripathi's experience spans various industries (automobile, banking, entertainment, NGOs and educational institutions) and regions including Europe, North America, India and Central Asia. Professor Veena is a certified coach from HarvardX and University of Michigan and her major focus is to bring purpose, positive energy and creative confidence to every teaching experience. Currently, she is the Director of Global Strategic Partnership of an NGO, a marketing professor at Jaipuria Institute of Management, Delhi in addition to being faculty member at SNHU. She brings to the table a varied set of skills and experience ranging from mental health to personal branding to marketing communications. She is also a columnist for the Indian Sleep Product Federation magazines, Loud Applause, Data quest and more.
