Program Overview

Southern New Hampshire University's **Bachelor of Science in Business Administration with a specialization in Finance** focuses on building a solid foundation for a successful career in business. This degree opens a variety of doors by providing you with practical, experiential learning opportunities to immediately apply to the workplace. You'll prepare to be an adaptable, efficient team leader, while also earning a coveted SNHU alumni status and gaining access to SNHU's vast global network.

Invest in your future with a business degree specializing in finance. This course will provide you with an in-depth understanding of both individual and organizational financial management, including diverse financial planning strategies and investment vehicles. You will learn to apply theory to real-world international and domestic finance scenarios, equipping you with the skills to understand complex financial activity to help corporations of all sizes with their bottom line. This global degree from an accredited U.S. university offers you a broad understanding of business and management principles with a focus on business finance.

Apply Now

Why Finance?

Invest in your future with a business degree in finance to gain the skills that all companies are looking for to drive them to success. Not only will you develop a deep understanding of business from the business core subjects, but you'll gain specialized knowledge in individual and corporate finance that can be applied to a wide variety of roles and industries. In addition to the great opportunities of working domestically and internationally, business-savvy individuals will choose to study finance for reasons such as:

- The international analytics market is expected to increase by a CAGR (Compound Annual Growth Rate) of 10.7% - meaning there is an increasing demand for individuals with the financial analysis knowledge that SNHU's programs provide.*

Apply Now

What Will You Learn?

As a student in SNHU's business administration program, you will master vital business competencies such as critical and analytical thinking, economics, finance, organizational leadership, business communications and managerial skills with hands-on practice and scenario-based learning. With a specialization in finance, you will learn the science of making money and money management to develop analytical and quantitative skills needed to succeed in both the corporate and individual finance management industries. The program incorporates practical exercises based on real-world data, such as managing a virtual stock portfolio and analyzing data from the financial management industry. The specialization subjects include:

- **Money and Banking:** Learn the banking industry's regulations and internal operations, its role in the national economy and institutional arrangements and the effects of international banking on the world economy.
- **Personal Financial Planning:** Using a life-cycle approach to emphasize financial planning for each phase of life, this course covers topics including career planning, budgeting, credit, insurance, income tax planning and investments.
- **Corporate Finance:** Designed to address issues faced by today's corporate finance managers when making capital budgeting and capital structure decisions, this course will expose you to topics such as firm valuation, capital structure, firm/division cost of capital and quantitative risk assessment.
- **Multinational Corporate Finance:** Examine financial planning for corporations with international operations to understand the uses of corporate funds abroad and criteria for choosing among alternative foreign investments.
- **Fundamentals of Investments:** Gain understanding of various investment vehicles, such as stocks, bonds and mutual funds, and the decision-making process required by all investment decisions.

Apply Now

Curriculum

Our General Education program provides students with a learning framework that addresses core competencies (such as information literacy, critical thinking, global knowledge and awareness, etc.) which are identified as critical factors toward a student's ability to succeed in their academic and professional goals. The ultimate purpose of the General Education program is to provide students with an intentional undergraduate experience that contributes to the development of higher-order skills that employers find necessary for students to succeed, regardless of their chosen career field. Students who do not possess an undergraduate degree focused on business may be required to take a Business Foundations course.

Meet Our Faculty Members

SNHU is dedicated to student success, and that starts with bringing expert faculty to teach our specialized subjects for students studying online from India. In addition to real-world experience in their field and a passion for education, each faculty member undergoes training for online instruction from SNHU.

Our faculty members for online degrees in India are Indian, meaning they can help bridge the cultural gap and give you the unique perspective of an Indian professional working domestically and globally. SNHU hires our Indian faculty members at the same standard as our on campus faculty, so you'll get the unique opportunity to learn from local experts hired at U.S. university standards.

Faculty Highlight

Dr. Meera Iyer, PhD

12+ years of experience

Teaches Physiological Psychology

Dr. Iyer is a child and adolescent psychologist with a PhD in psychology, specializing in cyberpsychology.

She is a member of prominent international and national psychological associations (APA, INSPA, NAOP and BCPA) and has made contributions to government-based initiatives (NCPCR, Mission Shakti-Gov. of India) for counseling trauma and domestic abuse victims.
